Form AR-11: report an address change to USCIS

What should I distinguish when reporting an address change with AR-11?

AR-11 concerns an address change reported to USCIS. Moving also creates separate questions about pending receipt numbers, postal delivery and any immigration-court record. Build an address-change log by agency and case instead of assuming one update reaches every institution.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ List the USCIS cases affected by the move.
- ☐ Read the current AR-11 reporting instructions.
- ☐ Track postal forwarding as a separate task.
- ☐ Check other agencies and any court record independently.
- ☐ Save the actual submission confirmation privately.
