Humanitarian family evidence: a relationship linkage index

How can refugee or asylee family records be linked without assuming every relative uses the same process?

Link the principal protection record to each proposed relative through person-specific civil and identity evidence. Preserve the relationship timeline and missing records without assuming the principal's grant decides the relative's process.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Index principal protection with its source and event date.
- ☐ Index family relationship with its source and event date.
- ☐ Index relative identity with its source and event date.
- ☐ Index later family event with its source and event date.
- ☐ Mark missing or conflicting information without inventing an answer.
- ☐ Compare the finished index with current official instructions before relying on it.
