

YOUR WORKING CHECKLIST

Naturalization evidence: a source-linked travel calendar

How can an applicant reconstruct travel dates without treating reservations as proof of completed trips?

Create a travel calendar that identifies the source for each departure and return. Distinguish completed movement from reservations and recollection, leaving uncertain dates visible rather than producing a falsely precise physical-presence account.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Index passport markings with its source and event date.
- ☐ Index booking material with its source and event date.
- ☐ Index entry history with its source and event date.
- ☐ Index uncertain period with its source and event date.
- ☐ Mark missing or conflicting information without inventing an answer.
- ☐ Compare the finished index with current official instructions before relying on it.
