Form N-565: replacement citizenship and naturalization documents

How is N-565 document replacement different from applying for citizenship?

N-565 concerns replacement naturalization or citizenship documents and other specific certificate requests described by USCIS. It is distinct from naturalization through N-400 or citizenship–certificate research through N-600. Identify the existing document, the problem and any requested correction before selecting the relevant instructions.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Identify the exact existing citizenship document.
- ☐ Describe loss, damage, error or later change separately.
- ☐ Preserve copies without editing the source image.
- ☐ Read current N-565 instructions for the task.
- ☐ Keep certificate identifiers and request records private.
