Form N-600K: citizenship research for a child residing abroad

How does N-600K differ from N-600 citizenship-certificate research?

N-600K concerns citizenship and certificate issuance under the specific framework described by USCIS for children who regularly reside outside the United States based on a U.S. citizen parent. It is distinct from N-600 and N-400. Family, residence and citizenship records need a carefully sourced chronology.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

- ☐ Record the actual regular residence context.
- ☐ Index parent-child and citizenship source records.
