

YOUR WORKING CHECKLIST

Compare identity records without silently normalizing the differences

How should I organize different names, dates or identifiers across immigration records?

Create a private comparison showing each field, source and exact variation. Distinguish transliteration, a legal change, an agency typo and an incorrect filing answer rather than assuming they have one correction route. Preserve originals and obtain the appropriate record-owner or authorized review before changing a submission.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ List the exact field and source.
- ☐ Separate possible causes without deciding them.
- ☐ Identify who owns the disputed record.
- ☐ Keep supporting legal and translation records connected.
- ☐ Preserve the correction history for later use.

A little support for your next step.
