

YOUR WORKING CHECKLIST

Review an evidence upload before submitting it online

How do I check that evidence files are readable and matched to the correct USCIS online task?

Match each file to the actual application or response task, check readability and completeness, then preserve what was submitted and the resulting confirmation. An upload demonstration does not establish current format limits or legal sufficiency. Use the current official interface and form instructions rather than importing another form's settings.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Identify the case and upload purpose.
- ☐ Inspect every page before choosing the file.
- ☐ Keep translations linked to their source records.
- ☐ Read the current interface constraints.
- ☐ Preserve the submitted version and confirmation.
