Kriezelman Burton: family, protection and business immigration records

How can a reader match Kriezelman Burton's service categories to the actual family, protection or business record?

Kriezelman Burton's current Chicago website separates protection-based claims, juvenile matters, family residence, litigation and business immigration. The reader's task is to identify the actual legal record and procedural setting within that broad menu, rather than treating every immigration service as interchangeable.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Identify the state juvenile order and any federal petition separately.
- ☐ Distinguish the incident report from a certification and petition.
- ☐ Keep family and protection histories separately indexed.
- ☐ Name the decision and forum behind a litigation inquiry.
