Sound Immigration: I-864 support enforcement, not general visa filings

How does Sound Immigration's I-864 enforcement practice differ from divorce representation or preparing an immigration application?

Sound Immigration states that it represents sponsored immigrants in enforcing I-864 financial-support obligations and does not handle general immigration work or divorce representation. The relevant document problem is the signed support undertaking and claimed support history, rather than a new request for immigration status.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Locate the complete signed support undertaking.
- ☐ Connect payment summaries to their underlying records.
- ☐ Keep divorce orders under their issuing court.
- ☐ Distinguish evaluation, demand and litigation stages.
