WR Immigration Boston: a predecessor referral and current employer project

How can a reader use a former Chin & Curtis referral when researching WR Immigration's Boston office?

WR Immigration's Boston office page identifies the predecessor Chin & Curtis practice and a current team. An older institutional referral can be connected to the present firm, while the employer project and individual immigration history still need their own current record and service description.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Keep the predecessor referral with its date.
- ☐ Identify the current employer project and worker.
- ☐ Separate firm history from government actions.
- ☐ Describe file retrieval and new work as distinct requests.
