Green Card renewal: the card, residence status and conditions

Does renewing a Green Card renew permanent resident status?

A Green Card is evidence of residence, while card renewal and removal of conditional residence are different processes. Form I-90 is the starting official source for ordinary card renewal or replacement. A conditional two-year card requires a separate conditions inquiry.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Identify the card category and the exact renewal or replacement reason.
- ☐ Keep both sides of the existing card and the residence approval records.
- ☐ Read any receipt's actual extension and accompanying-document language.
- ☐ Review travel documentation separately before treating a pending request as sufficient.
