

YOUR WORKING CHECKLIST

Translation revisions, refunds and scope changes

What should I read in a translation provider's revision and refund terms?

Distinguish correction of an inaccurate translation, a changed source and dissatisfaction unrelated to the agreed service. Read the current claim process, exclusions and remedy; a refund policy does not bind a receiving agency or guarantee a legal result.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Separate error and source-change situations
- ☐ Read the full current remedy terms
- ☐ Save scope and version evidence
- ☐ Use the documented claim channel
