

YOUR WORKING CHECKLIST

Verify translator association claims without overstating them

What should I check when a provider advertises association membership or certification?

Identify the named association, membership category, person or company and the claim's current status. Membership and a translator certification are different assertions; neither should be expanded into government endorsement or universal recipient acceptance.

Check the boxes on screen or by hand. Use the notes area for records to find and questions to ask.

Your preparation checklist

- ☐ Identify association and membership category
- ☐ Verify through the association where possible
- ☐ Check person, company and language scope
- ☐ Record date and unresolved limits

A little support for your next step.
